Dear Sir:

The undersigned, Kathy Mojibi, declares and states as follows:

1. I am an attorney at law duly licensed to practice in the state of California and registered to practice before the United States Patent and Trademark Office. I am an associate at

the law firm of Jeffer, Mangels, Butler & Marmaro LLP, and am one of the attorneys responsible for prosecuting the above-captioned application on Applicant's behalf.

2. Enclosed herewith is a continuation-in-part patent application that claims priority from U.S. Serial No. 09/715,963 filed November 17, 2000, together with a declaration, power of attorney, assignment, recordation cover sheet, Verified Statement, Information Disclosure Statement and copies of three references (hereinafter collectively referred to as the "CIP application"). On November 19, 2001, we attempted to deposit the CIP application with the U.S. Post Office using the Express Mail service. We were informed by the post office that due to current operating conditions and government security measures, Express Mail service to federal government agencies in Washington, D.C. (ZIP Codes 202 through 205) has been suspended. The post office provided us with a memorandum, dated November 16, 2001 explaining the indefinite suspension of mail to the specified ZIP Codes, a copy of which is enclosed. As a result of the indefinite suspension, the post office refused our Express Mail package.

3. The enclosed CIP application is still in its original Express Mail envelope, bearing a postmark of November 19, 2001. A certificate of mailing is included, signed and dated on November 19, 2001 by Kristin Freebairn, a paralegal in the Intellectual Property Department of Jeffer, Mangels, Butler & Marmaro LLP. Also enclosed is a Worldwide Attorney Service Delivery Ticket No. S807782 stamped by the U.S. Postal Service indicating that we attempted to deposit Express Mail with the Airport Station Post Office on November 19, 2001. To the best of our abilities, we have complied with the codes and regulations governing the filing of new patent applications and should be granted a filing date of November 19, 2001.

4. In accordance with instruction from the Help Desk of the U.S. Patent and Trademark Office, we are resending the CIP application to P.O. Box 2327, Arlington, Virginia 22202, which we understand to be a temporary address set up for patent filings. We have been assured that by providing this declaration and resending the CIP application, we will be afforded the filing date of November 19, 2001 for the CIP application.

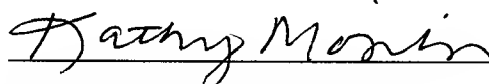

5. In view of the foregoing, it is believed that the CIP application should be accorded a filing date of November 19, 2001 pursuant to 37 C.F.R. § 1.10. Should the Office have any questions or require further information, the Office is invited to contact the undersigned.

The undersigned, being hereby warned that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. §1001, and that such willful false statements may jeopardize the validity of the application or document or any registration resulting therefrom, declares that all statements made of her own knowledge are true; and all statements made on information and belief are believed to be true.

Respectfully submitted,

Dated: November 20, 2001
